— YOUR HILL TOP RETREAT —

Sleeping 27-33 across 11 bedrooms we can tailor The Chateau to your needs.

Then add new dimension, with a huge number of additional rooms available both a walk or a small drive away – turn The Chateau and St. Maximin into your own hill top retreat.

The Chateau contrasts its modern design, antiques and technology against the backdrop of a medieval hill-top village.

After a €5m restoration project taking over 5 years to complete we are excited to announce that The Chateau is now available for holidays and events through Run For The Hills.
